The Walton was built as a Hotel at the turn of the century. This historic building has been converted into spacious apartments with bamboo flooring, stainless steel appliances, washer and dryer, and custom cabinets with solid surface counters. Luxury built-in, not tacked on at the Walton. It offers controlled access and internet service is included. The specially designed sound proofing may make you forget you are living in a former hotel but entering the hallways reminds you of the unique history this building features.
